

## Kids Love Florida

Whoever said, "There's no place like home..."? This place has thought of everything the family (even extended) needs for a great vacation. Most homes feature bedrooms decorated specifically for children. These bedrooms (along with all bedrooms) are equipped with a TV/VCR. All properties feature a DVD player, and a video game station with games in the main family areas. Estate, Luxury and Resort Homes are equipped with private pools and Jacuzzis. Resort clubhouses have a movie theatre, game room, pool, basketball/tennis/volleyball courts...everything a kid needs to relax and feel as if they're in a fun neighborhood.

When choosing your property, guests can look at the exact home by viewing photos, floor plans, virtual tours, maps, availability calendars and amenities of each home - online! We love the fact that you know exactly what you're getting...no surprises! The properties are all located within 4 miles to the entrance to Disney World. Budget-wise, for the "home-like" amenities (compared to hotel rooms or suites) and the number of bedrooms, you may only spend \$109.00 to \$339.00 per night for 3-7 bedroom housing. Share that with another family or two and you're all set. Being able to eat some meals at "home" saves lots of money (the grocery store is close - in the ALL STAR office plaza) and having the ability to take a day off from touring the parks allows for relaxed "hanging out" options (we recommend every 3-4 days). Our Grandmas felt so comfortable in the kitchen they even made their famous cabbage rolls or spaghetti w/ meat sauce. Everyone who stayed with us never wanted to leave!
